Chairman's Message

ABV-IIITM Gwalior, an institute of national importance is dedicated to teaching, research and training in the cusp areas of IT and Management, contributing towards nation building through skill development.

Inspite of unfortunate pandemic in the whole session, I am happy to note the following specific developments of ABV-IIITM Gwalior:

- The faculty members of the institute got Research and Development Projects from various agencies.
- Ranking of institute in top 100 in NIRF 2020 in “Engineering” as well as “Management” category.
- Scientific publications by faculties are remarkable.

The closing rank of the institute in various academic programmes confirms that the institute continuously attracting quality students, faculty and staff that includes the overseas students from neighbouring countries too. I am sure that this trend will continue in future too.

The institute has made efforts to disseminate its knowledge base through Management Development Programmes/Faculty Development Programmes/International conference / Seminars & Workshops. This has helped in gaining professional recognition.

There seems to be an increase in number of visitors connected through online mode from India and abroad. I am sure this will certainly help in gaining global acceptance and recognition. I am also happy to learn about the improvement in our NIRF ranking. However, there is enough scope to improve it further. It is noteworthy that our campus has been consistently rated as green campus.

The Board members, Ministry of Human Resource Development officials and distinguished professionals serving on various statutory committees of the institute have made valuable contribution towards the growth and evolution of the institute.

I compliment students, faculty and staff of the institute for their contributions in making the institute a vibrant and organic entity.
